PROFILE

I currently use my HTML, CSS, JavaScript skills to build experiences which are accessible to everyone. My passion for technology and continuous learning is supported by my previous experience in customer service and human resources to encompass someone who is analytical, collaborative, a problem-solver and a person who would be a supportive, valuable addition to any project work-team.

SKILLS

HTML 5	React
CSS 3	Web Accessibility
JavaScript	Git Collaboration
Responsive Design	Version Control
RESTful APIs	Paired programming
Firebase	Team-based
Project scope management	development

PROJECTS

Pokémon Selector

A responsive JavaScript project that displays a Pokémon randomly or using a search field. Built using data obtained from the PokeAPI

Galass Handbags

A responsive single page PSD conversion built using HTML 5 and CSS 3.

EDUCATION

Web Development Immersive Bootcamp
Juno College, Jan - April 2021

Human Resources Management Certificate
George Brown College, 2013-2014

EXPERIENCE

Retail Staffing Specialist
Home Depot Canada, May 2018 - May 2019

- Filed over 300 part-time and full-time positions during the peak 2019 Spring Hire season.
- Reduced Time to Fill for part-time positions within my assigned district store by 8%.
- Partnered with store HR Managers to streamline the recruitment process and ensure that strategic staffing objectives were met.
- Supervised and delegated recruitment tasks to Retail Staffing Coordinators during peak hiring periods.

Retail Staffing Coordinator (Contract)
Home Depot Canada, Feb - May 2018

- Scheduled over 200 store interviews after conducting preliminary phone screens.
- Processed job fair documentation using applicant tracking system to ensure candidate information is up-to-date and easily accessible.
